Up to \$1,000/ year for training

## What We're Looking For

We're developing a new Electrical Division and need a Master Electrician with technical experience. We're looking for a self-motivated, goal-oriented individual who is passionate about providing excellent customer service.

## Position Requirements

- 5+ years of residential service experience
- RI Master License (MA Master License a plus)
- Clean & safe driving record
- Ability to make strong customer connections
- Proven track record with electrical techniques, including wiring all types of residential and light commercial HVAC systems
- Highly organized team player with a strong desire to professionally advance

## What's So Great About Working at CARJON?

As an industry leader in the area, we've been helping homeowners and businesses with their heating and cooling needs for over 30 years. We recognize the value of our team members and how their success drives both the success of our company and the satisfaction of our customers.

## Be a Part of a Committed Team

At CARJON, we operate every day with our core values as a driving force:

**Create value** in both service and installation. With our continued desire for knowledge in our field, we always ensure our customers' homes are comfortable, efficient, and reliable.

**Deliver exceptional service and quality to our customers**, which is what makes us a leader in the heating and cooling industry.

**Provide a close-knit environment for our employees**, valuing each of our team members. Their input and ideas are an integral part of our success.
